Lisa's story

Lisa was planning her daughter's wedding when a stroke disrupted her plans. Thanks to her critical illness coverage, Lisa was able to afford the treatment her medical insurance didn't cover. So she was able to focus on her goal for recovery: to dance at her daughter's wedding.

Who's at risk?

- The odds of developing cancer during a lifetime are one in two for men and one in three for women.¹
- Every 34 seconds someone in America will have a coronary event.²

Key advantage

You can use this coverage more than once. If you receive a full benefit payout for a covered illness, your coverage can be continued for the remaining covered conditions. The diagnosis of a new covered illness must occur at least 90 days after the most recent diagnosis and be medically unrelated. Each condition is payable once per lifetime.

** A pre-existing condition is a condition for which symptoms existed (within 12 months before your coverage effective date) that would cause a person to seek treatment from a physician or for which a person was treated or received medical advice from a physician, or took prescribed medicine. The determination on whether your condition qualifies as pre-existing will be based on the date of disability and not the date you notify Unum.
